Sectors served

Our Story

👍 Lean Six Sigma Certifications

- Green-Belt USA 2002
- Black-Belt, USA 2006
- Master Black-Belt, USA 2009
- Accelerated Leadership: Lean-Agile Management 2020

👍 10 years in USA – Manufacturing Sector

👍 10 years in India at CXO level – Service sector

👍 2020 quit corporate life to start ARROWHEAD Consulting

- Helped 5 different sector clients pro-bono from 2010-2020
- Realized need for Lean Six Sigma in India due to gap between voice-of-customer and business operations
- Industry needs process improvement talent in today's global competitive markets
- Our forte is around identifying and eliminating lean wastes within your business model from order to cash that can trickle into bottom-line impact

Vision

Mission

- 📌 **V** - Inspire companies to simplify business models for maximum cost benefits.
- 📌 **M** - Work with companies sincere about embracing LEAN and 6 σ for reducing internal costs and improving consistency in sync with needs of their customer.

Philosophy

“There is nothing so useless as doing efficiently that which should not be done at all.”

- Peter Drucker

Educator and Business management thinker

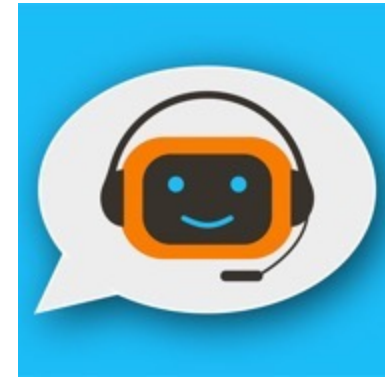

Our Services

“ **OPTIMIZE YOUR BUSINESS USING LEAN SIX-SIGMA** ”

► Examples of Certificates :

AI + ML solutions

Focus is to bring about AI + ML solution to enable ease of doing business

- Customer
 - Prospective
 - Existing
- Employee

Can be implemented across various stages within your value-stream

Sectors worked

Why use both concepts of Lean and 6σ

↳ Lean alone cannot dramatically improve process variation.

That's why "6σ"

↳ 6σ alone cannot dramatically improve process speed.

That's why "Lean"

ARROWHEAD

optimize your business
